Report of Firewards

1921:

May 18, chimney fire at Mrs. Cyrus Goodwin's. Still alarm. No damage.

May 24, chimney fire at Luther Colburn's. Still alarm. No damage.

August 5, chimney fire at Marden's tenement, occupied by Brooks Pearson. Still alarm. No damage.

Nov. 14, Fire in the floor under the fireplace at Mrs. Marion Clark's, occupied by Joseph H. Rockingham. Still alarm. Damage \$50.00.

December 22, chimney fire at Frank Berry's. Still alarm. No damage.

December 28, chimney fire at True Durgin's. Still alarm. No damage.

We feel fortunate in not losing any of the buildings, with as little protection as we have to do with. We are in hopes to have more to do with this year. But we are always willing to do the best we can and we wish the voters of the town will help us to protection.

Report of Health Officer

To the Inhabitants of the Town of New Boston:

As health officer of this town I submit to you the following report for the year 1921:

The contagious diseases have been very few, as follows: Two cases measles, one scarlet fever, and one diphtheria. We also have had a number of cases of whooping cough and a few of chicken pox, but as these cases do not require placarding I have not made any record of them.

We have had a few complaints where school children were in an unhealthy condition.

This condition is up to the parents. With their attention and care the expense of this department can be curtailed.

Respectfully submitted,

ARTHUR W. HOLT

Health Officer.

Report of Trustees of Cemetery

Again in the cycle of years your trustees are called to make a report of their doings the past year. We feel that the town is to be congratulated that through the liberality of citizens, former residents, and others who have so generously provided funds which have made possible the keeping of the cemetery in so presentable a condition as compared with many cemeteries in like small towns.

Quite an amount of work has been done the past year under the direction of Mr. Dodge and Mr. Shedd in putting a few lots into such shape as to make them saleable, and we believe the expense will be justified by the results.

Again the Grim Reaper has entered the ranks of your board and we are called to record the loss of Mr. Eugene A. Edwards who has so efficiently filled the office of treasurer for the past ten years, and ask you to appoint a successor on this board.

Herewith annexed you will find the report of the treasurer and superintendent; all of which is respectfully submitted.

REPORT OF TRUSTEES

For the Year Ending January 31, 1922

The trustees wish to report that during the year just ended the usual library service has been maintained without change. Aside from this, we have little else of incident to note, except our cordial thanks to the numerous benefactors of the library during this time.

First of all we wish to acknowledge, with thanks, the gift of the use of the library room, rent free, by the owner of the building, Mr. Clarence H. Dodge.

Next we wish to thank Mr. Henry H. Brooks for the gift of "The Library of Useful Knowledge," comprising 25 volumes of practical reference books. Also, Mrs. B. J. Lang for the gift of eight books.

The trustees also appreciate the faithful services of the librarian, Miss Elsie G. Warren, and of Mrs. Emma Bennett, caretaker.

One conference was held with Miss Grace Kingsland, secretary of the State Library Commission, in regard to a new cataloguing system, but no action was taken.

A list of the new books added to the library is hereto appended.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of New Boston, in the county of Hillsborough, State of New Hampshire, qualified to vote in District Affairs :

You are hereby notified to meet at the Town House in said District, on the ninth day of March A. D., 1922, at nine o'clock in the forenoon, to act upon the following subjects :

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To hear the reports of auditors, agents, committees or officers heretofore chosen and pass any vote relating thereto.
6. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools, and payment of statutory requirements, or act in relation thereto.
7. To see what sum of money the District will vote to raise and appropriate for the support of the High School for the fiscal year ending June 30, 1923 (the School Board recommend \$3112) or act in relation thereto.
8. To see if the District will vote to raise and appropriate the sum of \$773.71 to meet bills of previous years.

9. To see if the District will vote to raise and appropriate six hundred dollars (\$600) for the repair of the school houses.

10. To see what sum of money the District will vote to raise and appropriate for expenses of administration, insurance and new equipment (School Board recommends \$60 for administration, \$25 for insurance and \$10 for new equipment.)

11. To see what sum of money the District will vote to raise and appropriate for the salaries of its District Officers, or act in relation thereto. (School Board recommends \$250.)

12. To see if the District will vote to accept the Medical Inspection Act. (See Laws relating to Public Schools, as codified and Amended by the Session Laws of 1921, Sect. 17.)

13. To see what action the District will take relating to unused school houses.

14. To choose auditors, agents, and committees in relation to any article in this warrant.

Given under our hands this fourteenth day of February, nineteen hundred and twenty two.

HERBERT S. TODD,
MARY F. BLANCHARD,
WILLIAM O. DODGE,
School Board of New Boston.

Report of School Board

To the Selectmen of New Boston, N. H. and Inhabitants of the School District:

The School Board of the District of New Boston, N. H., respectfully submit the following report of the fiscal year ending June 30, 1921.

During the past year we have made such minor repairs to the school houses throughout the district as in our opinion were necessary, and following a custom of the past few years we selected one house in particular upon which we have expended the special appropriation made by the district at the last annual meeting.

This past year we chose House No. 8, or High School Building, as being the one most in need of such repairs. To this building we made additions which gave two toilet rooms about 14 by 14 feet each, in which we installed Kaustine toilets for the accommodation of the pupils of the entire building. This arrangement has proven most economical and satisfactory to all concerned.

This year you will find an article in our warrant asking for an appropriation to remodel and repair one other building, and we hope you will consider it favorably.

Your School Board feel that never before were the schools of New Boston in such excellent shape as they are at the present time, and we should like to take this opportunity to extend our thanks to our superintendent and to the people of the district for their hearty co-operation during the past year.

REPORT OF SUPERINTENDENT OF SCHOOLS

Goffstown, N. H., Feb. 6, 1922

To the School Board and Citizens of New Boston:

In writing this report I am reminded that this is the fifth year of my superintendency and a natural time to make comments on the work accomplished. This period covers a part of the war and the immediate reconstruction period. How has New Boston stood up under the strain? Has she stood still or made progress?

The High School received the approval of the State Department of Education, by personal visit of the then Deputy State Superintendent, now Commissioner, E. W. Butterfield, on the very day of my first official visit to the school. Under able headmasters this school has made progress. It is noteworthy that every pupil who was in the school last year returned this fall and none have dropped out since. There is no better barometer of a secondary school than the holding power that it has over the pupils. I think that this same fact justifies the statement that our elementary schools, and especially the Grammar school at the village, are maintained at a high level. It has been the policy during these years to encourage the pupils of the Eighth grade to come to the village for their last year. This policy has been splendidly backed by the parents and we are having very few repeaters in the Eighth grade. I wish that we might go one step further and have the pupils of the Seventh grade at the village. This would enable the teachers in the outlying schools to concentrate upon the first six grades and remove the disciplinary problems of the adolescent child.

In the matter of sanitation of buildings the district has not stood still. The building at No. 13 has been somewhat remodelled and made decent and clean. Pupils do not have to travel around the building in the

cold to reach the toilets. The building at No. 16 has been thoroughly remodelled and a sanitary toilet installed. The No. 8 building has been made sanitary and given proper light. The school yards have been cleaned of bushes and made as attractive as conditions would warrant. All stoves, with the exception of Numbers 4 and 15, have been jacketed and proper ventilation provided.

Medical inspection has been introduced with good results. At the time of this writing a dental clinic is about to open and I expect that this will meet with the hearty support of the parents, as have the other forward steps taken.

No community act has been more pleasing to the superintendent and teachers than the purchase of a playground in the village. In the future a little equipment for the smaller children in the nature of swings and teeter boards should be provided.

The finances of the district are properly kept and the School Board, Selectmen and Treasurer know at all times just where the district stands. I think that I am justified in maintaining that we have made progress.

There is, however, more to be accomplished. No. 5 school should have its building remodelled on the same plan as No. 16. All of the outlying buildings should receive a coat of paint and just as soon as the district can feel that it can afford it, the village school should be equipped with modern seats and desks. The seats and desks in the outlying schools are of the single type and of sizes somewhere near fitting the pupils. At the village the double seat is still found and the sizes seldom fit the child. New blackboards are needed also. These would have been installed long ago, probably, if the prices had not been prohibitive.

In 1916-1917 the average membership of the schools was 151 and for the fall term of this year it was 148. I call attention to this fact because it seems to indicate

that the exodus from New Boston has ceased. The movement now seems to be back to the farms here as elsewhere. There is no better way to encourage the occupation of the farms than to maintain good schools. State Commissioner Butterfield has pointed out that such good schools can only be maintained if we have at least a dozen pupils in a properly heated and lighted building, with proper sanitation, and a teacher who is trained to really teach. This year we are employing six local teachers, two of them recent graduates of our high school, who attended the summer normal schools last year. These girls should be encouraged to obtain further training and others should follow in their footsteps in order that New Boston's children shall be taught by trained and contented teachers. The school spirit in the town is excellent and this is manifested in the statistics appended which show an increasing regularity of attendance and diminution of tardy marks.

Some have felt that we have made progress only by undue increase in the taxes. Figures from the State Board of Education show that of the 256 school districts in the state 153 pay more and 103 pay less per thousand of equalized valuation, or the valuation upon which the state tax is based. Bartlett Special District heads the list with an expenditure of \$21.39 for the support of its elementary schools. New Boston pays \$7.82 for the same items.

Your School Board take an interest in their work and have loyally supported the teachers and superintendent. As I have before stated in my reports, the officials can maintain no better schools than public opinion will support and the citizens of New Boston are supporting good schools.

Respectfully submitted,

HOWARD L. WINSLOW

Superintendent.
